

Marketing Opportunities

The Boston Club is New England’s largest, most influential organization of senior executive and professional women. Members are senior executives, business owners, consumers, employees and investors. Women at the height of their careers and the vanguard of their professions; who lead and shape, who purchase and plan, and who fuel the dialogues that power the New England economy. Supporters of The Boston Club gain valuable access to women of power, influence and leadership, and the companies and boards they run.

There are many ways to engage with The Boston Club, and we are happy to customize a program that meets your marketing needs. Throughout the year, the Club hosts many events where members gather, learn, and share best practices. Our programs are diverse and range from our Leadership Development Programming, Distinguished Leaders Series and NonProfit Board Leadership Series, to Structured Business Networking, Mentoring and Winter Fest, to our signature Community and Corporate Salutes.
